

Return Receipt (Electronic) vs. The “Green Card”

Feature	Green Card	ConfirmDelivery (Electronic)	Comment
Form Required	Yes	No	Utilizing ConfirmDelivery for Certified Mail eliminates form acquisition. Everything you need will automatically be sent to you when you purchase ConfirmDelivery transactions.
Process	Handwritten	Computer Generated	ConfirmDelivery's process is 4x faster!
Automatic Address Verification	No	Yes	ConfirmDelivery automatically verifies and updates addresses, whether using the website or the Windows based software that can interface with your database.
Tracking Capabilities	- USPS website using their 20 digit number	- Recipient - Location - Date originated or date range - Customer reference number - USPS tracking number	ConfirmDelivery's flexibility allows you to track by any criteria that you select.
Receipt Delivery Method & Timing	USPS Mail 5 - 7+ days	Automatically emailed daily within 24 hours of delivery	ConfirmDelivery's AutoSignature™ enhancements emails your signatures based on your requirements: by company, department, user and in batch or by individual file.
Loss Opportunity	- Mail process following delivery - Upon arrival (wrong dept, desk, etc.)	- Signature obtained electronically - Delivered electronically	Electronically acquired signature and delivery reduces loss opportunity.
Available Information Upon Delivery	- Tracking Number - Signature of Recipient - Address of Recipient - Addressee Name & Address - Date Received	- Tracking Number - Signature of Recipient - Address of Recipient - Addressee Name & Address - Date Received	The addressee may not be the same person as the one signing for the mail piece. ConfirmDelivery includes the original recipient information at the bottom of every electronic receipt. The official USPS electronic receipt does not include this ConfirmDelivery enhancement.
